

# **Arts Partners Worksheet 2008-09**

## **Kansas City Missouri School District**

### **Grades Pre-K through 8**

**— Page 1 of 4 —**

**Greetings! Arts Partners is an awesome program funded by your school district and outside sources to help you integrate arts based education into your curriculum. Some of these programs come to your school at no cost to you. Other programs are field trips that require your school to pay for transportation but are otherwise free.**

**We prepared this worksheet so you know what programs are available to your school and how to schedule them. Keep this worksheet so you have a record of which programs you have scheduled and when they will happen.**

## **Instructions:**

- 1. Check to see if these programs have already been scheduled. If you are not sure whether they have been scheduled, talk to your school office, the contacts listed on this worksheet and/or the Arts Partners team at Kansas City Young Audiences (see below).**
- 2. Write down approximately how many students your school has in each grade level in the space provided on the worksheet. You will need to know the number of students when you schedule programs.**
- 3. Check the school calendar. There is a space on the worksheet where you can write down possible dates if you find that useful. Keep the school calendar handy when making your scheduling calls.**
- 4. Call and schedule your programs!**
